

EXPERIENCE

the Bienvenue en France Quality

So, I made up my mind. I'm going to study in France!

Campus France!

Have you heard of the Bienvenue en France Label?

Certified institutions provide quality services, from orientation to Programs Taught in English and accommodation.

Welcome! I'll be helping you settle down and get off on a good start at your new university.

Where would you find all the info?

Wow, this is great!

Bienvenue en France

Thanks for the warm welcome! I'm so thrilled to meet my mentor!

It's all on the certified Higher Education Institutions website.*

* There are 275 Campus France offices in 134 countries worldwide that provide information on French Higher Education.

* The Bienvenue en France Label is a part of the national strategy for attracting foreign students.

Can't wait for orientation week to begin.

The sport facilities on campus are awesome!

Apparently my campus supports actions for a sustainable quality of life. I could even earn ECTS credits! I'm so signing-up!

Also, Mom and Dad will be glad to know there's an on-campus medical centre.*

I'll be meeting new people from all around the world, student advisors, and discover campus – finally...

* Medical services include general practitioners, nurses, psychologists, disabled persons contacts, social workers, and a call centre.

Thanks. With that, and the mock interview sessions, I'm sure to improve my job-hunting skills.

Let's keep in touch to talk about job opportunities!

I'm part of the France Alumni Network.

You're welcome to attend the resumé workshop and submit your CV for feedback afterwards.

Will you be coming tonight to set up the intercultural soirée?

Can't. I've got French conversation classes with native students.

65%

of the international students are registered in a French HEI, which is awarded the Bienvenue en France Label
